

PACK 527 POPCORN!

SELLING OPTIONS

Show and Sell (Boothng): We ask that you booth for a total of four hours, not longer than two hours at one time. When two scouts are boothng, each will receive $\frac{1}{2}$ of the product sales towards their prize level.

Show and Deliver: This is when you get Trails End products and take them with you. You may use this method going door to door, at a sporting event, or other venue. Scouts can ask, get payment and then give product to the customer in the same transaction.

Online Sales: Your scout can sign in with an adults email address and send emails to out of town loved ones. Go to scouts.trails-end.com to register your scout. Customers should place orders at www.trails-end.com.

Take Order Forms: Ask friends, family, neighbors, acquaintances, and anybody else to help fill up your take order form. List the name, order and amount needed for every order. It is highly recommended that all money be collected when product is ordered. You will deliver the products to these customers in November.
